**Hand wash only not dishwasher**

## Who It Is For

---

- ✓ Home cooks who want grill and griddle
- ✓ Need strong heat retention for searing
- ✓ Use oven up to 500°F
- ✓ Comfortable with seasoning and hand-washing

## Who It Is Not For

---

- ✗ Users needing PTFE nonstick performance
- ✗ People who only use dishwashers
- ✗ Those who prefer lightweight cookware
- ✗ Campers who need ultra-portable pans

## Trade Offs to Consider

---

- Excellent heat retention versus heavy weight
- Pre-seasoned surface but not nonstick
- Hand-wash only increases maintenance
- Large size cooks more but stores bulky

## Users Say

---

### ● POSITIVES

- ✓ Heats evenly across surface
- ✓ Works as grill and flat griddle
- ✓ Oven safe to 500°F

### ● COMPLAINTS

- ⚠ Heavy to lift and handle
- ⚠ Requires hand washing only
- ⚠ Pre-seasoned does not equal nonstick

## How It Compares

---

- Compared to nonstick pans no PTFE coating
- Compared to enameled cast iron needs seasoning
- Compared to aluminum griddles heavier but retains heat

## Choose This If...

---

- ✓ You need a reversible grill and griddle
- ✓ You want cast iron heat retention
- ✓ You will hand-wash and maintain seasoning

## Skip This If...

---

- ✗ You require dishwasher-safe cookware
- ✗ You need instant nonstick without upkeep
- ✗ You prefer lightweight portable pans
