

BIG HORN OUTDOORS SRPG18003 12-inch Multi-Fuel Pizza Oven

QUICK BUYER GUIDE

For backyard and portable cooks who want wood-fired pizzas

At a Glance Specs

PIZZA CAPACITY

Fits one 12-inch pizza

FUEL COMPATIBILITY

Pellets plus optional gas or electric

HEAT UP TIME

Heats in 18 to 20 minutes

PEAK TEMPERATURE

Reaches about 887°F

WEIGHT

About 25 pounds

COOKING SURFACE

12 by 12 inch stone

ASSEMBLY

Folding legs no tools needed

Who It Is For

- ✓ Backyard cooks seeking wood-fired flavor
- ✓ Campers and tailgaters needing a portable oven
- ✓ Cooks who want very fast high-heat cooking
- ✓ Users who need tool-free setup and storage

Who It Is Not For

- ✗ People who need pizzas larger than 12 inches
- ✗ Buyers who expect gas or electric burners included
- ✗ Those preferring low temperature or slow cooking
- ✗ Backpackers needing ultralight cooking gear

Trade Offs to Consider

- Multi-fuel flexibility requires separate burner purchases
- Very high heat shortens typical cook times
- Portable but roughly 25 pounds to carry
- 12-inch stone limits topping and pizza size

Users Say

● POSITIVES

- ✓ Reaches high temperatures for quick pizzas
- ✓ Compact design with folding legs for storage
- ✓ Delivers wood-fired style cooking with pellets

● COMPLAINTS

- ⚠ Gas and electric burners sold separately
- ⚠ Fast cooking requires frequent turning and practice
- ⚠ Pellets must be kept dry in airtight storage

How It Compares

- Versus full-size outdoor ovens smaller capacity faster heat up
- Versus electric tabletop makers higher max temp and wood flavor
- Versus pellet-only units adds optional gas or electric support

Choose This If...

- ✓ You want authentic wood-fired 12-inch pizzas outdoors
- ✓ You need very fast 60–90 second pizza cooking
- ✓ You value a portable oven with tool-free setup

Skip This If...

- ✗ You expect included gas or electric burners
- ✗ You plan to cook pizzas larger than 12 inches
- ✗ You require ultralight backpackable cooking gear
