**SIDE BURNER POWER**

**11,000 BTU side burner**

**COOKING SYSTEM**

**FlavorMax heat distribution system**

**IGNITION**

**Electronic push-button ignition**

**INSTALLATION**

**Freestanding cabinet style**

## Who It Is For

---

- ✓ Households that grill for 4–8 people
- ✓ Cooks who need a side burner for sauces
- ✓ Owners wanting easy-clean rust-resistant grates
- ✓ Buyers who prefer simple electronic ignition start

## Who It Is Not For

---

- ✗ Campers or tailgaters needing a portable grill
- ✗ Buyers wanting all-stainless-steel construction
- ✗ Entertainers needing more than 435 square inches
- ✗ Shoppers who require smart app or Wi-Fi features

## Trade Offs to Consider

---

- 435 sq in fits many meals but not events
- Side burner adds versatility and increases footprint
- Cabinet body provides storage but increases weight
- FlavorMax aims for even heat but not precision sear

## How It Compares

---

- Versus premium stainless models: lower-cost mainstream option
- Versus portable grills: larger stationary cabinet format
- Versus charcoal grills: gas offers quicker start and control

### Choose This If...

---

- ✓ You need a 4-burner gas grill with side burner
- ✓ You want about 435 square inches of cooking space
- ✓ You prefer a widely sold branded gas grill

### Skip This If...

---

- ✗ You need a portable or tailgate-friendly grill
- ✗ You require more than 435 square inches cooking area
- ✗ You want built-in smart app or Wi-Fi controls
