Who It Is For

- ✓ Cooking for groups of six or more
- ✓ Want flat-top griddle cooking
- ✓ Have outdoor space and propane
- ✓ Want cart storage and tool hooks

Who It Is Not For

- ✗ Small balcony or indoor users
- ✗ Need compact portable grill
- ✗ Cannot assemble or move 125 lb unit
- ✗ Properties that ban propane use

Trade Offs to Consider

- Large cooking area needs big storage
- Steel surface needs regular cleaning
- Cart adds convenience but requires assembly
- Requires separate 20 lb propane tank

Users Say

● POSITIVES

- ✓ Large flat cooking area
- ✓ Even heat from heavy steel top
- ✓ Grease tray and liners simplify cleanup

● COMPLAINTS

- ⚠ Ships heavy 125 lb needs two people
- ⚠ Assembly required out of box
- ⚠ Propane tank sold separately

How It Compares

- More cooking area than standard grills
- Less portable than tabletop griddles
- Heats faster than charcoal grills

Choose This If...

- ✓ You need very large griddle area
- ✓ You regularly cook for groups
- ✓ You have propane tank and space
- ✓ Want cart with storage and hooks

Skip This If...

- × You need compact portable grill
- × Cannot lift or assemble heavy unit
- × Propane use is not allowed
- × Looking for indoor flat-top option
