## Who It Is For

---

- ✓ Owners of 22-inch kamado grills
- ✓ People who store grills outdoors regularly
- ✓ Buyers who want quick on/off covers with handles
- ✓ Shoppers preferring lightweight easy-to-handle covers

## Who It Is Not For

---

- ✗ Owners of grills larger than 22-inch diameter
- ✗ Users needing fully waterproof submersion protection
- ✗ Buyers seeking insulated or hard-shell storage
- ✗ People with nonstandard side-table configurations

## Trade Offs to Consider

---

- Water-resistant backing repels light rain not waterproof
- Air vents reduce condensation but don't eliminate moisture
- Elastic hem and straps secure fit but not airtight
- Lightweight polyester is easy to handle not heavy-duty armor

## Users Say

---

### ● POSITIVES

- ✓ Fits 22-inch kamados as specified
- ✓ Padded handles and hem simplify fitting
- ✓ Click-close straps improve wind security

---

### ● COMPLAINTS

- ⚠ Water-resistant not fully waterproof in heavy storms
- ⚠ May not fit grills with extra attachments
- ⚠ Lightweight fabric can show wear with abrasion

## How It Compares

---

- Versus fitted custom covers: less tailored fit
- Versus heavy vinyl covers: lighter easier handling
- Versus hard-shell storage: less protection more compact
- Versus non-vented covers: vents lower condensation risk

## Choose This If...

---

- ✓ You own a 22-inch kamado needing weather protection
- ✓ You want a lightweight cover that's easy to handle
- ✓ You want UV and light rain protection with straps
- ✓ You value an included three year warranty

## ✗ Skip This If...

---

- ✗ You need full waterproofing for heavy storms
- ✗ You require a custom tailored or oversized cover
- ✗ You want insulated or hard-shell grill storage
- ✗ You prioritize maximum abrasion resistance
