Who It Is For

- ✓ Home cooks who need grill and griddle
- ✓ Small households with limited counter space
- ✓ People wanting removable dishwasher-safe plates
- ✓ Fans of panini sandwiches and presses

Who It Is Not For

- ✗ Large families needing high-capacity cooking
- ✗ Outdoor grillers preferring charcoal or gas
- ✗ Users requiring smart app connectivity

Trade Offs to Consider

- Smaller cooking area than outdoor grills
- Takes counter or cabinet storage space
- Nonstick surfaces need gentle care
- No smart controls or timers built-in

How It Compares

- Versus panini-only press adds griddle and grill
- Versus outdoor grill smaller capacity no open flame
- Versus electric griddle adds reversible plates and contact grill

Choose This If...

- ✓ You want one unit for multiple cooking types
- ✓ You prefer dishwasher-safe removable plates for cleanup
- ✓ You need adjustable temps for searing and griddling

Skip This If...

- ✗ You cook for large crowds frequently
- ✗ You prefer open-flame outdoor grilling
- ✗ You need Wi-Fi or app features
