## Who It Is For

---

- ✓ People cooking tabletop meals for one to eight
- ✓ Households wanting a combined grill and hotpot
- ✓ Apartment or countertop cooks with limited space
- ✓ Buyers who want included recipe booklet and tools

## Who It Is Not For

---

- ✗ Users who need dishwasher-safe components
- ✗ Cooking for large groups beyond eight people
- ✗ Homes with limited electrical capacity
- ✗ Outdoor open-flame grill users

## Trade Offs to Consider

---

- Combined use draws up to 1700W
- Not dishwasher safe requires hand washing
- Grill surface is relatively narrow
- Nonstick finish needs gentle utensils

## How It Compares

---

- Versus standalone grill: combines hotpot and grill
- Versus larger grills: smaller grill cooking area
- Versus dishwasher-safe sets: parts require hand wash

## Choose This If...

---

- ✓ You want a single tabletop grill and hotpot
- ✓ You cook for up to eight people
- ✓ You value included accessories and recipe booklet

## Skip This If...

---

- ✗ You require dishwasher-safe removable parts
- ✗ You need a wide high-capacity grill surface
- ✗ Your home cannot support 1700W combined draw
