## Who It Is For

---

-  Cooking for large groups or parties
-  Backyard hosts who grill often
-  Campers who prefer charcoal flavor
-  Users who need adjustable heat control
-  Those willing to assemble the unit

## Who It Is Not For

---

-  Small households who need compact grill
-  People wanting gas or electric grills
-  Buyers avoiding assembly or maintenance
-  Users needing portable tabletop grill

## Trade Offs to Consider

---

-  Large footprint requires yard space
-  Assembly required before first use
-  Charcoal fuel means longer startup time
-  Less precise temperature than gas grills

## Users Say

---

### ● POSITIVES

- ✓ Spacious 794 sq in cooking area
- ✓ Two height-adjustable charcoal pans
- ✓ Foldable side tables and warming rack

---

### ● COMPLAINTS

- ⚠ Large physical footprint needs yard space
- ⚠ Requires charcoal handling and ash disposal
- ⚠ Assembly required before first use

## How It Compares

---

- Larger cooking area than portable charcoal grills
- Needs charcoal handling unlike gas or electric models
- Offers adjustable heat distance via crank pans
- Includes prep tables and warming rack versus bare barrels

## Choose This If...

---

- ✓ You host regular large backyard cookouts
- ✓ You prefer charcoal flavor and control
- ✓ You value adjustable heat zones
- ✓ You want built-in prep space and warming rack

## Skip This If...

---

- ✗ You need a compact or portable grill
- ✗ You want instant on and precise gas temperatures
- ✗ You cannot assemble or maintain a grill
- ✗ You lack outdoor storage or yard space
