**1500 watts electric**

SERVINGS  
**Serves about six people**

NONSTICK GRATE  
**PFAS-free removable grate**

CLEANUP  
**Dishwasher-safe lid and trays**

## Who It Is For

---

-  People who want indoor high-heat searing
-  Home cooks who prefer easy dishwasher cleanup
-  Those without outdoor grill space
-  Cooks who want a viewing window while grilling

## Who It Is Not For

---

-  Large households needing a bigger cook surface
-  People seeking charcoal or open-flame flavor
-  Campers who need portable outdoor grills
-  Users needing multi-rack or slow-smoke features

## Trade Offs to Consider

---

-  Electric heat means no open-flame flavor
-  118 sq in limits large batch cooking
-  Requires standard 120V outlet and 1500W
-  No built-in meat probe or smoker function

## Users Say

---

### ● POSITIVES

- ✓ Reaches high searing temperature as stated
- ✓ Removable PFAS-free plates for easier cleaning
- ✓ Viewing window lets you monitor cooking

### ● COMPLAINTS

- ⚠ Cooking area can be tight for large items
- ⚠ Not a substitute for outdoor charcoal or gas taste

## How It Compares

---

- Vs outdoor gas/charcoal: no open flame or smoke
- Vs full-size electric grills: smaller cooking surface
- Vs contact presses: adds higher sear and viewing window

## Choose This If...

---

- ✓ You need indoor high-heat searing
- ✓ You want easy dishwasher cleanup
- ✓ You regularly cook for up to six people

## Skip This If...

---

- × You prefer charcoal or gas cooking flavor
- × You need a larger cooking capacity
- × You need a portable outdoor grill
