Who It Is For

- ✓ Experienced charcoal grillers needing large cooking area
- ✓ Home hosts who cook for large groups
- ✓ Buyers wanting stainless steel cart stability
- ✓ Users who want charcoal rotisserie capability

Who It Is Not For

- ✗ Apartment dwellers with indoor restrictions
- ✗ People needing a portable lightweight grill
- ✗ Buyers preferring instant gas ignition
- ✗ Users unwilling to handle charcoal cleanup

Trade Offs to Consider

- Heavy 236 lb chassis limits portability
- Manual heat control requires practice
- Charcoal fuel needs extra prep time
- Rotisserie uses charcoal not gas

Users Say

● POSITIVES

- ✓ Sturdy stainless steel construction
- ✓ Large cooking area fits many items
- ✓ Cast iron grates produce sear marks

● COMPLAINTS

- ⚠ Heavy weight makes movement difficult
- ⚠ Assembly required and time consuming
- ⚠ Temperature control takes adjustments

How It Compares

- Gas carts: instant ignition and convenience
- Smaller charcoal grills: easier portability
- Pellet grills: automated temperature control
- Other Napoleon models: different sizes and features

Choose This If...

- ✓ You need a large charcoal cart grill
- ✓ You prefer stainless steel durability
- ✓ You plan to cook for groups regularly
- ✓ You want rotisserie capability on charcoal

Skip This If...

- ✗ You need a lightweight portable option
- ✗ You prefer quick gas ignition
- ✗ You cannot store or move heavy grills
- ✗ You avoid charcoal cleanup or ash handling
