## Who It Is For

---

- ✓ Owners of Kamado-style ceramic grills
- ✓ People replacing worn grill gaskets
- ✓ DIYers who prefer easy installs
- ✓ Users wanting improved smoke retention

## Who It Is Not For

---

- ✗ Owners of non-ceramic or thin-shell grills
- ✗ Buyers requiring OEM-branded parts
- ✗ People unwilling to trim or adjust fit
- ✗ Those needing professional installation included

## Trade Offs to Consider

---

- Peel-and-stick requires thorough surface prep
- 150 inch length may need trimming
- Aftermarket not an original manufacturer part
- Fiberglass can fray if handled roughly

## Users Say

---

### ● POSITIVES

- ✓ Average rating 4.4 out of 5
- ✓ Installation described as quick
- ✓ Reported improved temperature control

### ● COMPLAINTS

- ⚠ Some report fit or adhesion problems
- ⚠ May need trimming to fit
- ⚠ Not an OEM branded gasket

## How It Compares

---

- 150-inch length covers lid and base
- Fiberglass with steel mesh reinforcement
- Peel-and-stick versus non-adhesive gaskets

## Choose This If...

---

- ✓ You own a Kamado-style ceramic grill
- ✓ You want quick gasket replacement
- ✓ Prefer reinforced fiberglass for heat endurance

## Skip This If...

---

- ✗ You need OEM factory replacement part
