## Who It Is For

---

- ✓ Families cooking multiple items at once
- ✓ Users needing easy cabinet storage
- ✓ People making one-pan breakfasts regularly
- ✓ Households with standard 120V outlets

## Who It Is Not For

---

- ✗ Events needing larger cooking capacity
- ✗ Users needing travel or ultra-compact gear
- ✗ Homes without standard 120V power
- ✗ Buyers requiring multi-zone temperature control

## Trade Offs to Consider

---

- Large footprint uses counter space
- Nonabrasive care required for coating
- Handles require unlatching to remove
- Wide base needs storage clearance

## Users Say

---

### ● POSITIVES

- ✓ Cooks large batches efficiently
- ✓ Detachable handles simplify cabinet storage
- ✓ Drip tray and immersible base ease cleaning

### ● COMPLAINTS

- ⚠ Requires 120V household outlet
- ⚠ Must remove heat control before immersion
- ⚠ 22-inch width needs countertop or cabinet room

## How It Compares

---

- Smaller griddles provide less cooking area
- Stovetop griddles require a stove heat source
- Non-immersible models cannot be fully submerged

## Choose This If...

---

- ✓ You need a wide family-size griddle
- ✓ You want removable handles for cabinet storage
- ✓ You value easy cleanup with a drip tray

## Skip This If...

---

- ✗ You require multi-zone or pro-level control
- ✗ You lack standard 120V household power
- ✗ You need ultra-compact or travel cookware
