## Who It Is For

---

- ✓ Home cooks serving families and guests
- ✓ Users wanting remote Wi-Fi control
- ✓ Owners who need multi-function cooking
- ✓ Those planning long unattended cooks

## Who It Is Not For

---

- ✗ Small-space balconies or restricted patios
- ✗ Buyers needing a lightweight portable grill
- ✗ Single-person occasional grillers
- ✗ Shoppers on very tight budgets

## Trade Offs to Consider

---

- Large footprint needs outdoor space
- 230 lb weight limits mobility
- Requires steady supply of wood pellets
- Wi-Fi and PID add electronic complexity

## Users Say

---

### ● POSITIVES

- ✓ Average rating 4.9 from 10 reviews
- ✓ High capacity and long cook time
- ✓ PID control claims  $\pm 5^{\circ}\text{F}$  stability

## How It Compares

---

- Vs gas grills: offers wood-fired flavor
- Vs charcoal grills: more consistent temperature control
- Vs smaller pellet models: much larger cooking area
- Vs portable units: heavier and less mobile

## Choose This If...

---

- ✓ You need large capacity for entertaining
- ✓ You want Wi-Fi remote temperature control
- ✓ You plan long low-and-slow cooks
- ✓ You need stainless steel construction

## Skip This If...

---

- ✗ You lack outdoor space for large grills
- ✗ You need a lightweight portable option
- ✗ You cannot store or buy wood pellets
- ✗ You need the cheapest grill option
