Two probes with dual sensors

BLUETOOTH RANGE

Bluetooth range 200–360 feet

BATTERY

2000mAh battery with charger

INCLUDED ACCESSORIES

Repeater two probes charger manual

CONNECTIVITY

Bluetooth and 2.4 GHz WiFi

WATER RESISTANCE

IP67 waterproof and dustproof

ALERTS AND APP

App alerts and custom timers

Who It Is For

-  Home cooks monitoring long cooks
-  Backyard grillers and smoker users
-  People who want meat and ambient readings
-  Users who prefer dishwasher-safe probes

Who It Is Not For

-  Only need a simple instant-read thermometer
-  No smartphone or unwilling to use app
-  Require a single-pocket travel thermometer
-  Prefer wired non-battery probe systems

Trade Offs to Consider

- Dual-sensor probes need more setup
- Remote WiFi requires network configuration
- Large 2000mAh battery increases device weight

How It Compares

- Adds WiFi beyond Bluetooth-only thermometers
- Dual-probe gives simultaneous meat and ambient readings
- Probes are dishwasher-safe unlike many hand-wash probes

Choose This If...

- ✓ You need remote WiFi monitoring
- ✓ You want simultaneous meat and ambient temperatures
- ✓ You prefer dishwasher-safe probes and long battery life

Skip This If...

- ✗ You only want a handheld instant-read thermometer
- ✗ You do not use smartphones or apps
- ✗ You need a lightweight pocketable unit
