SUPPORTED COOKING MODES

Indirect direct sear infrared

WEIGHT

Weighs 1.32 pounds

Who It Is For

- ✓ Owners of 18–26 inch kettle grills
- ✓ People wanting indirect smoking capability
- ✓ Cooks seeking high-heat searing without flames
- ✓ Home cooks aiming for crispy wing skin

Who It Is Not For

- ✗ Gas grill only users
- ✗ Those needing full rotisserie systems
- ✗ Buyers unwilling to rearrange coals

Trade Offs to Consider

- Requires coal layout learning curve
- May not fit unlisted grill models
- Sold as a two-pack only
- Product listing mixes insert and charcoal details

Users Say

● POSITIVES

- ✓ 4.8 average from 291 reviews
- ✓ Compatibility listed for Weber and BGE
- ✓ Ranked in BBQ tool sets category

● COMPLAINTS

- ⚠ May not fit unlisted grill models
- ⚠ Requires learning coal snake or minion method
- ⚠ Listing contains mixed product information

How It Compares

- Converts kettle into an indirect smoker
- Smaller footprint than full deflector plates
- Less costly than rotisserie accessories

Choose This If...

- ✓ You own compatible kettles or kamados
- ✓ You want indirect smoking or high searing
- ✓ You prefer USA-made grill accessories

Skip This If...

- × You only use gas grills
- × You need a universal fit guarantee
- × You want a plug-and-play electric searer
