

Weber Master-Touch Charcoal Kettle Grill Deep Ocean Blue

QUICK BUYER GUIDE

Backyard cooks who want a charcoal kettle with thermometer

At a Glance Specs

COOKING CAPACITY

Holds up to 13 burgers

DIMENSIONS

Footprint 24 x 29.5 x 42 in

THERMOMETER

Built-in lid thermometer

WARRANTY

10 year limited warranty

FUEL TYPE

Charcoal fuel only

COOKING GRATE

GBS compatible hinged grate

CLEANING SYSTEM

One-Touch ash cleaning

Who It Is For

- ✓ Backyard cooks who prefer charcoal grilling
- ✓ People who want GBS accessory compatibility
- ✓ Hosts who grill for small groups up to 13 burgers
- ✓ Buyers wanting easy ash cleanup and a thermometer

Who It Is Not For

- ✗ People who need gas or pellet fuel options
- ✗ Large-event hosts needing a wide cooking area
- ✗ Campers seeking a lightweight portable grill
- ✗ Buyers wanting precise multi-zone temperature control

Trade Offs to Consider

- Provides charcoal flavor but needs frequent fueling
- GBS grate adds versatility but increases accessory cost
- Tuck-away lid saves space but requires assembly steps
- Porcelain finish resists rust but can chip with rough use

Users Say

● POSITIVES

- ✓ One-Touch ash cleaning simplifies cleanup
- ✓ Integrated lid thermometer for temperature checks
- ✓ GBS grate increases cooking method options

● COMPLAINTS

- ⚠ Requires charcoal setup and ash disposal
- ⚠ Porcelain-coated finish can chip if handled roughly
- ⚠ Assembly required out of the box

How It Compares

- Vs gas grills: uses charcoal not propane
- Vs portable charcoal models: larger footprint less portable
- Vs dedicated smokers: single-barrel lacks multi-zone smoking

Choose This If...

- ✓ You plan regular charcoal grilling at home
- ✓ You want built-in thermometer and GBS support
- ✓ You need a compact grill for small gatherings

Skip This If...

- × You require gas or electric fuel
- × You host large events needing extensive cooking area
- × You need a very lightweight travel grill
