**Cart-style 91 pounds weight**

## Who It Is For

---

-  Families who grill for weekly meals
-  Home cooks who prefer charcoal flavor
-  People who want built-in charcoal storage
-  Users who want easier ash cleanup

## Who It Is Not For

---

-  Buyers who prefer gas or electric
-  Those needing an ultra lightweight portable grill
-  People unwilling to assemble the unit
-  Shoppers who avoid handling charcoal fuel

## Trade Offs to Consider

---

-  Charcoal adds flavor but needs prep
-  Heavier than portable kettle grills
-  Assembly required before first use
-  No built-in gas ignition option

## Users Say

---

### ● POSITIVES

- ✓ Porcelain finish helps retain heat
- ✓ CharBin offers convenient charcoal storage
- ✓ Hinged grate makes refueling easier
- ✓ One-Touch ash catcher simplifies cleanup

---

### ● COMPLAINTS

- ⚠ Heavy to move at 91 pounds
- ⚠ Requires assembly out of the box
- ⚠ Charcoal-only requires manual fuel handling

## How It Compares

---

- Vs basic kettle: adds cart and storage
- Vs gas grills: charcoal flavor requires more setup
- Vs portable charcoals: larger footprint and weight
- Vs cheaper models: includes One-Touch and GBS compatibility

## Choose This If...

---

- ✓ You want cart-style charcoal with storage
- ✓ You plan regular family outdoor meals
- ✓ You value easier ash cleanup and refueling
- ✓ You use or plan to use GBS inserts

## Skip This If...

---

- ✗ You prefer gas or electric cooking
- ✗ You need a lightweight portable grill
- ✗ You do not want to assemble a grill
- ✗ You avoid handling charcoal fuel
