Who It Is For

- ✓ Owners of 22-inch Weber charcoal kettles
- ✓ People who add charcoal during cooking
- ✓ Buyers replacing a worn cooking grate
- ✓ Users who want hinged fuel access

Who It Is Not For

- ✗ Smokey Mountain Cooker owners (incompatible)
- ✗ Gas grill owners
- ✗ People who require stainless steel grates
- ✗ Those needing multi-level rack systems

Trade Offs to Consider

- Plated steel may show wear faster than stainless
- Wood handles need occasional care from weather
- Hinged design limits use to one rack level
- Not compatible with some Weber smoker models

How It Compares

- OEM Weber grate matches original fit and features
- Stainless steel alternatives cost more and resist corrosion
- Generic grates may fit more grill models less precisely
- Fixed grates require removing lid to add charcoal

Choose This If...

- ✓ You own a 22-inch Weber kettle needing replacement
- ✓ You want easy flip-up access to add charcoal
- ✓ You prefer an OEM-fit replacement part

Skip This If...

- ✗ You need stainless steel for long-term corrosion resistance
- ✗ You use a gas grill or non-22-inch model
- ✗ You require multi-rack or smoker-specific grates
